OVER THIRTY-FIVE YEARS.

In 1872 there was a great deal of
diarrhoea, dysentery, and infantile cho-
lera. It was at this time that Chamber-
lain's Colic, Cholera and Diarrhoea
Remedy was first brought into use. It
proved more successful than any other
remedy or treatment, and has for thirty-
six years maintained that record.
Nine chemists out of ten will recom-
mend it when their opinion is asked,
although they have other medicines that
pay them a greater profit. For sale
by all dealers, Benson, Smith & Co.,

The Territorial Board of Immigra-
tion has decided to send to the Coast
for the Spaniards and Porto Ricans
who were at one time in the Islands,
but who are now in San Francisco in
desperate circumstances. Silva, one of
the agents of the Board, will attend to
the finding of the people in San Fran-
cisco and the sending of them back
to Hawaii.

The regular weekly meeting of the
Socialist party here was held last even-
ing, the members continuing the dis-
cussion relative to immigration which
was begun last week. While there
was a larger membership present at
last night's meeting, there were no ex-
traneous developments, the speakers
confining themselves mostly to the
main topic under discussion.

A nasty accident occurred on the
corner of King and Fort streets yester-
day afternoon when Hack No. 301,
driven by a Japanese, collided with an-
other hack and badly injured the horse
attached to the latter rig. As usual,
the Japanese hackman was on the
wrong side of the street and the other
driver had choice of either a collision
or running over a lady who was crossing
the street. He chose the former
course, and in the melee, his horse was
badly hurt.

PERSONAL.

dry goods department of Hackfeld &
Co., returned from the mainland this
week, where he went last month to

ifornia, they were married at the
bride's sister's home. They are living
for a few weeks at the Seaside Hotel
and will move up the valley, near
Wyllie street, to live.

WHY HE WAS EXCITED.

Druggist—"What's the matter with
you? You seem excited."
Clerk—"No wonder. Mrs. Griggsby
wanted an ounce of boric acid and I
gave her an ounce of strychnine by
mistake."

Druggist—"Well, of all the careless
idiots, you head the list! Say, haven't
you any idea of the value of strychn-
ine?"

BOSTON GRAND OPERA
COMPANY WOULD COME

The Boston Grand Opera Company
has written Joe Cohen asking if he can
arrange to present the company in Ho-
nolulu this summer. Mr. Cohen has the
matter under consideration, but as it
is a big proposition to handle, in view
of the general counter attractions, he
will consider long. For a four weeks'
engagement with about 40 people in the
east and with a weekly expense list of
about \$4500, the engagement will cost
about \$18,000. If the community wants
to hear the company and will assist
Mr. Cohen in guaranteeing all expenses,
the troupe may be brought here.

The Opera Company has been play-
ing in Canada, and when it finishes a
Seattle engagement will go to Salt
Lake City after which it is open to
further engagements.

MORE ELECTRIC LIGHTS
INSTALLED IN MANOA

Residents of Manoa along the upper
Manoa road are under obligations to
the Electric Light Committee of the
Board of Supervisors for the prompt
attention to their plea for additional
lights along that dark thoroughfare.
There were three large lights, but the
size of these has been reduced and on
every other light pole an incandescent
bracket has been placed and on Thurs-
day and last night the string of lights
was ablaze. Additional lights will be
installed further down in the valley.
College Hills and Manoa are filling up
so rapidly with residents that the city
has been unable to keep pace with the
improvements. The roads are in ex-
treme need of attention from the Road
Committee. A police officer is to be
found in College Hills at various
hours of the night, but so far police
alarm boxes have not been installed.
Fire alarm boxes are already in place.

Stop That Headache and Save Your Nerves

Do not try to endure a headache, waiting with what patience you can until
you have worn it out."
Why should you? It's a great deal better to save your nerves the wear
and tear of torture.
One dose of

Stearns' Headache Wafers

—a tiny tasteless wafer—brings you relief in a few minutes—real relief at that—
leaves your head feeling clear and natural.

When this certain ease from that pain is always at hand (or at the nearest
chemist's) there is no reason for suffering from headache.

You would not consider it wise to suffer from a cinder in your eye or a
thorn in your hand a moment longer than necessary.

Think it over—and remember that Stearns' Headache Wafers CURE, yet
never cause the formation of a drug habit.
